## PRESIDENT'S REPORT

When the hospital of today is spoken of it is commonly the voluntary general hospital which is meant. This is usually an institution unrelated to other health agencies except in a superficial way. It is in contact with individual members of the public only at the start or in the midst of some crisis of health.

Since the chief interest of the hospital is in the well being of the patient, any forecast as to the development of the hospital must be predicated upon what the future needs of the patient are going to be.

It has been determined that slightly under six million people in the country receive treatment of all types during the course of a year. These individuals can be divided into three groups: those who can afford to pay for the service rendered; those who can meet the financial demands of ordinary life but to whom a hospital experience is an unlooked for financial catastrophe; those who cannot pay for their care but on whose behalf something is paid, usually through funds from endowment or donations from civic-minded persons.

To be true to its ideals, the hospital cannot ignore any of these classes. The first group presents no problem at all. It is the last two groups that obviously concern the trustees of voluntary hospitals.

The economic position in which the voluntary hospital finds itself today, and perhaps for some time to come, definitely denotes the necessity for greater endowment and individual support if it is to survive, and although its position be serious, it must meet the demand for service to the community which it serves.

With this confronting the institution a new department for nervous patients, equipped for complete medical and psychiatric care, will be opened in the early part of 1938. This department is made possible through the generosity of Mr. Joseph T. Ryerson, one of our Senior Trustees. It seems to me that to have such a psychiatric service in a general hospital will provide a much needed part of our service to the life of Chicago.

During the year one of the floors in the Main Building, with a capacity of 32 beds, was redecorated and refurnished for patients desiring accommodations at a moderate cost. This floor has been much in demand.

The hospital lost one of its best friends and valued officials in the death of Mr. Howard O. Edmonds, who had served as Treasurer for eighteen years and as a Trustee for twelve years.

I wish to thank the Board of Trustees and the Woman's Board for their financial support and untiring efforts to make St. Luke's Hospital one of the best hospitals in Cook County; likewise I wish to express my especial thanks to the members of the Operating Committee, Mr. A. Watson Armour, Chairman, Mr. Walter B. Smith and Mr. Joseph T. Ryerson, for their timely efforts in behalf of the hospital and their accomplishments during the past year.

To every person connected with St. Luke's Hospital I wish to express my gratitude and appreciation for serving loyally and well.

CHARLES H. SCHWEPPPE.

## RESOLUTION ON THE DEATH OF **Mr. Howard O. Edmonds**

It is with the deepest regret that the Board of Trustees of St. Luke's Hospital record the death of Mr. Howard O. Edmonds, one of its oldest members.

Mr. Edmonds served as Treasurer of the Hospital from 1920 and as a member of the Board of Trustees from 1926.

He was for many years a most active member of the Finance Committee of the Hospital and devoted a great amount of time and attention to the supervision of its trust funds and the care of its investments and property.

His judgment and counsel on problems were always sound and helpful and no part of its affairs was too trivial for his attention when he felt that he could be of service.

The example which he set to his fellow members on the Board of Trustees in carrying on this work during the past few years when he lived under the strain of ill health will never be forgotten by his associates, and in his death the Hospital suffers a great loss.

The sincere sympathy of the Board of Trustees is extended to the members of his family.

CHARLES H. SCHWEPPÉ,  
President.

CHAUNCEY B. BORLAND,  
Secretary.

## REPORT OF THE SCHOOL OF NURSING AND DEPARTMENT OF NURSING SERVICE

During the year 1937 the school continued the policy followed since 1935: that of increasing the numerical strength of the student body. On March 1, 1937, 36 students were admitted; on October 1, 1937, there were 68 admissions. On December 31, the enrollment stood at 225, an increase of 33 over the enrollment on the last day of the previous year. The total capacity of our nurses' dormitories being 260, it is evident that during the coming year we should reach our maximum capacity.

The staff of graduate general duty nurses was maintained at an average of 65 throughout the year. Of this number more than half were "outside nurses," that is, not graduates of our own school. Increasing activity in public health projects and industrial concerns attracted large numbers of the St. Luke's nurses into new fields. It was with great difficulty that graduate nurses were secured for general duty.

On March 1, 1937, upon the request of the St. Luke's Alumnae Association and the recommendation of the Medical Board of St. Luke's Hospital, the hospital administration established the 8-hour day for private duty nurses. This has not increased the cost of nursing care to the patient, but to the contrary, has slightly reduced it. Moreover, the establishment of the 8-hour day has greatly increased the employment of private duty nurses. Unemployment among St. Luke's graduates has been practically nonexistent during 1937. The alumnae have every reason to appreciate the support of the Medical Board and the Directors in their effort to banish unemployment in their ranks.

An additional supervisor was added to the nursing staff in the Out-Patient Department. Being definitely attached to the orthopedic clinic, she made possible the release of the previous nurse who combined the functions of teaching and supervising, from all save educational duties. This permitted the enlargement of the program for the student nurses in the Out-Patient Department and the assignment of students to the department was considerably increased. The instructor, with the cooperation of the social service

# RULES

## AS TO

### ENDOWED ROOMS AND BEDS

A donation of \$5,000 endows a bed in a ward with the right to name the bed in perpetuity, but without the right to nominate occupants for the bed.

A donation of \$7,500 endows a bed in a ward with the right to name the bed in perpetuity and the right to nominate the occupants of the bed during the life of the endower.

A donation of \$10,000 endows a private room with the right to name the room in perpetuity, but without the right to nominate the occupants of the room.

The sum necessary to endow a private room in perpetuity with the right to name the occupants thereof shall depend on the size, location and general desirability of the room selected.

The right to nominate the occupants of a bed or room shall be understood to mean:

That the endower shall have the right to nominate one patient at a time to occupy the said bed or room, and if all beds or rooms are occupied to a preference over all other applicants when a vacancy occurs.

In the event that an endowed bed or room is occupied the Hospital reserves the right to place the patient in some other equally good bed or room.

Persons nominated to free beds or rooms should be worthy subjects for such charity.

Persons whose means admit of their paying for hospital care and treatment are not acceptable as occupants of free beds.

Where endowments are made with the privilege of electing the occupant, the service given the occupant so named shall not exceed the income from the endowment at the average rate of return from the endowment funds of the hospital.

workers, is now developing a program introducing the students to problems of case work in the homes of our out-patients.

During the year 1200 clock-hours of instruction were given the student body. Of this, 800 hours were covered by the members of the school faculty and the remaining 400 hours were contributed by 42 members of the medical board. To these latter especially, we express our thanks.

The Hettler Fund and an appropriation made by the Woman's Board made possible the conduct of a splendid social and recreational program through the winter months. The Woman's Board, as has been its policy for some time, financed a junior member of the school faculty at the summer session of the University of Chicago.

Respectfully submitted,  
JANET FENIMORE KORNGOLD,  
Director.

Rose Thaviu, Director

TO THE BOARD OF TRUSTEES OF  
ST. LUKE'S HOSPITAL:

We have made an examination of the balance sheet of ST. LUKE'S HOSPITAL (an Illinois corporation organized not for profit) as at December 31, 1937, and of the statement of income and expenses for the year ended that date. In connection therewith, we examined or tested accounting records of the hospital and other supporting evidence and obtained information and explanations from officers and employees of the hospital; we also made a general review of the accounting methods and of the operating and income accounts for the year. Our detailed audit of the transactions was limited to test-checks of certain transactions mainly for one month of the year.

The accompanying statements reflect the segregation of the various funds as recorded on the books of the hospital during the year 1934. This segregation was made by officials and counsel of the hospital after a study of the available documents relative to bequests and endowments. Our examination did not include a review of these documents.

In our opinion, based upon such examination, the accompanying balance sheet and related condensed statement of income and expenses, subject to the notations thereon, fairly present, in accordance with accepted principles of accounting consistently maintained by the hospital during the year under review, the financial position of the hospital at December 31, 1937, and its income and expenses for the year ended that date.

ARTHUR ANDERSEN & CO.

Chicago, Illinois,  
February 26, 1938.

**ST. LUKE'S HOSPITAL**  
**(An Illinois Corporation Organized Not for Profit)**

**BALANCE SHEET—DECEMBER 31, 1937**

Amount due general-and-plant fund.....	\$ 469.64
Endowment-fund balance (schedule attached).....	<u>1,249,255.27</u>
Total endowment fund and liabilities thereof..	<u>1,249,724.91</u>

### NOTES:

- (1) The reserve for depreciation of buildings includes provisions for depreciation only up to and including the year 1912; no provisions have been recorded on the books subsequent to that year.
- (2) Investments are stated at amounts carried on the books without regard to the decrease which would occur were such assets recorded at the lower of book values or market.
- (3) Bonds having a book value of \$39,746.25 (quoted market value \$40,890.00) included in the endowment-fund investments are also recorded on the books and balance sheet of the Linen Committee as assets of that organization. Other than those bonds, assets of organizations which function in connection with the activities of the hospital are not included in the above balance sheet.
- (4) Uncollected subscriptions to the Greater St. Luke's Campaign Fund, in the aggregate amount of \$57,398.93 as shown by the records of the hospital, are not included in the above balance sheet.

**ST. LUKE'S HOSPITAL**  
**CONDENSED STATEMENT OF INCOME AND EXPENSES**  
**FOR THE YEAR ENDED DECEMBER 31, 1937**

	Particulars	Amount
<b>OPERATING REVENUES:</b>		
Board and room of patients.....		\$524,278.97
Fees and other revenue.....		288,310.71
Total operating revenues.....		<u>\$ 812,589.68</u>

George Wienhoeber, Inc.....	4 Blooming Plants
Chicago Plant, Flower and Fruit Guild.....	Lilacs
Mrs. B. E. Sunny.....	4 Bunches of Flowers
Mrs. A. Watson Armour, Ill.....	2 Sets of Books for Children's Ward
Mrs. Hathaway Watson.....	3 Baskets of Flowers
Woman's Auxiliary, Christ Church, Winnetka, Ill.	
.....64 Jars Marmalade, 3 Cans Sliced Pineapple, 1 Can Lima Beans	
Mrs. Ogden Armour.....	6 Turkeys
Church of The Holy Spirit, Lake Forest.....	163 Glasses of Jelly and Jam
The Woman's Auxiliary, Trinity Episcopal Church, Chicago	
.....25 Glasses of Jelly and Jam	

**PATIENTS ADMITTED**

**JANUARY 1, 1937 TO DECEMBER 31, 1937**

Patients Remaining December 31, 1936.....	299
Patients Admitted Surgical .....	
Male .....	3,009
Female .....	1,821
Patients Admitted Medical .....	
Male .....	723
Female .....	916
Patients Admitted Gynecological.....	
Female .....	632
Patients Admitted Obstetrical .....	
Female .....	1,117
Patients Admitted Eye and Ear.....	
Male .....	347
Female .....	169
Patients Admitted Nose and Throat.....	
Male .....	433
Female .....	519
Patients Admitted Orthopedic .....	
Male .....	187
Female .....	140
Patients Admitted Births .....	
Male .....	528
Female .....	520
Patients Admitted Boarders.....	
Male .....	62
Female .....	44
Patients Admitted Accident Ward.....	
Male .....	45
Female .....	48
Patients Admitted Pediatric .....	
Male .....	97
Female .....	70
Patients Admitted Neurological .....	
Male .....	169
Female .....	130
Patients Admitted Peroral Endoscopy .....	
Male .....	186
Female .....	155
Patients' Visits to Out-Patient Clinics.....	12,366
	57,468

## PATIENTS DISCHARGED

JANUARY 1, 1937 TO DECEMBER 31, 1937

Cured .....	4,609
Improved .....	5,834
*Unimproved .....	1,148
Died .....	313
Miscellaneous .....	212
Patients Remaining .....	250
	12,366
Largest Number of Patients.....	374
Smallest Number of Patients.....	231
Average Number of Patients .....	317.2
Average Number Days Each Patient.....	9.5
Number Free Patients Admitted .....	666
Number Part Pay Patients Admitted.....	457
Number of Pay Patients Admitted.....	9,896
Patients Treated in Open Wards.....	6,662
Patients Treated in Private Rooms.....	4,275
Number Days Treatment Free.....	1,131
Number Days Treatment Paid .....	6,734
Percentage of Free Work .....	5.1%
Total Days Treatment.....	115,778
Number Days in Private Rooms .....	33,871
Number Days in Open Wards .....	64,982
Number Days in Semi-Private Rooms .....	16,925
Number Days All Persons .....	296,893
Increase in Amount of Work Done .....	6.6%
Mortality .....	2.5%

\*The most of the unimproved were admitted for diagnosis only.

Includes patients moribund at time of admission.

# Information Relative to Pay Patients

Medical and Surgical Fees in the case of pay patients are fixed by private arrangement with the Attending Physician or Surgeon.

## PRIVATE ROOMS

The rates in the Smith Memorial Building are: Single Rooms \$8.25 to \$18.50 per day. Relatives or friends will be accommodated as guests when the available space will permit.

The rates in the Main Building:

Single Rooms, per day.....	\$6.75
Semi-Private Rooms, per day.....	5.50
Ward rates, per day.....	4.00
Children under twelve years old, per day.....	1.00

## GRADUATE NURSES

Graduate special nurses may be employed by patients at the following rates:

8-Hour Service .....\$5.00 Per Day

The transaction is directly between the nurse and the patient, and payment should be made to the nurse.

Nurses' meals will be billed by the hospital on patients' accounts.

## AN EXTRA CHARGE WILL BE MADE FOR THE FOLLOWING:

Use of operating or delivery rooms; gas anaesthetics; X-Ray and electrical examinations and treatments; Electrocardiographic tests; Metabolism tests; Physiotherapy treatments and unusual articles of diet, medicines, apparatus and dressings.

## HENRY BAIRD FAVILL LABORATORY

Laboratory tests are important in the diagnosis and treatment of disease. In reaching a diagnosis of a disorder difficult to recognize, attending physicians frequently depend upon the report of the microscopic examination of a small piece of tissue removed for diagnostic purposes. The subsequent treatment or the need of a further extensive operation depend upon the results of this microscopic examination. Needless to say, these reports should be accurate in order that the disorders be treated properly and that patients are not subjected to procedures beyond those necessary. Not only in these tissue examinations, but also in all other examinations, the personnel of the Henry Baird Favill Laboratory strives to maintain a high standard of accuracy and efficiency.

The routine examinations completed during the year 1937 are summarized in the following table. The total in the main laboratory exceeds that of the preceding year by 7 per cent.

### ANNUAL LABORATORY REPORT FOR 1937

Red and white blood counts, and hemoglobin estimations .....	38,226
Blood coagulation tests.....	1,082
Differential blood counts .....	2,306
Blood typings .....	1,281
Gastric analyses .....	788
Stool analyses .....	2,829
Urinalyses .....	19,399
Stool examinations for amoeba .....	2,300
Bacterial examinations .....	7,664
Widals .....	45
Blood cultures .....	231
Typhoid vaccines released.....	699
Guinea pig autopsies .....	59
Milk and cream examinations.....	500
Blood Wassermann tests.....	3,297
Spinal fluid examinations .....	338
Blood compatibility tests .....	401
Chemical examinations .....	5,850
Surgical tissues .....	4,687
Postmortem examinations .....	153
<hr/>	
TOTAL.....	92,135

## SOCIAL SERVICE DEPARTMENT LABORATORY

Red and white blood counts, and hemoglobin estimations .....	3,219	
Differential blood counts .....	397	
Gastric analyses .....	316	
Stool analyses .....	194	
Urinalyses .....	8,961	
	TOTAL.....	13,087

The laboratory has carried on research investigations as in other years. Mr. Paul J. Hartsuch (Ph.D., Kent Chemical Laboratory) held the Seymour Coman Fellowship from the Chemistry Department of the University of Chicago during the year 1937. He has continued his studies of the reactions of the fatty acids found in the tissues of the body. He has received additional support from the Watson K. Blair Memorial Fund and special grants from the Seymour Coman Fund of the University of Chicago.

Doctor E. D. Zeman held the John Jay Borland Fellowship again. The experimental studies of glomerular lesions produced in the kidneys of rabbits with fats, fatty acids, and soaps was completed by Doctor C. S. Hagerty in conjunction with the Department of Pathology of the University of Alabama.

The Winfield Peck Memorial Fund, administered through Doctor Joseph A. Capps, has supported other research investigations in experimental pathology and infections. Doctor John I. Brewer has continued his studies of small human embryos aided by the Albert B. Kuppenheimer Fund.

The following studies from the laboratory were published or completed during the year 1937:

### PAUL J. HARTSUCH:

"The Chemical Reaction between Oleic Acid and Aqueous Solutions of Magnesium."  
Arch. Path. 25: 17-23, 1938.

### EDWIN F. HIRSCH:

"Experimental Tissue Lesions with Mixtures of Human Fat, Soaps, and Cholesterol."  
Arch. Path. 25: 35-39, 1938.

### CORNELIUS S. HAGERTY:

"Experimental Embolic Glomerulonephritis Produced with Human Fat, Fatty Acids and Calcium Soaps."  
Arch. Path. 25: 24-34, 1938.  
Am. J. Path. 13: 623-624, 1937.

JAMES A. GOUGH:

"A Study of Five Patients with Chorioepithelioma."  
Am. J. Obst. and Gyn. 34: 267, 1937.

JOHN I. BREWER:

"A Normal Human Ovum in a Stage Preceding the Primitive Streak (The Edwards-Jones-Brewer Ovum)."  
Am. J. Anat. 61: 429-481, 1937.

JOHN I. BREWER and JAMES E. FITZGERALD:

"Six Normal and Complete Presomite Human Ova."  
Am. J. Obst. & Gyn. 34: 210-226, 1937.

JOHN I. BREWER:

"A Human Embryo in the Bilaminar Blastodisc Stage (The Edwards-Jones-Brewer Ovum)."  
Contrib. to Embryol. No. 162, Carnegie Inst. of Wash., Vol. 27, Pub. 496.

EDWIN F. HIRSCH and DOROTHY SHAPIRO:

"B. Proteus Septicemia and Thrombophlebitis of the Intrinsic Branches of the Renal Vein."  
J. A. M. A. 109: 937-938, 1937.

EDWIN F. HIRSCH and ERIC OLDBERG:

"Neuroepitheliom des Kleinhirns."  
Zentralbl. f. allg. Path. u. path. Anat. 69: 113-115, 1938.  
Trans. Chic. Path. Soc. 1937-38.

EDWIN F. HIRSCH and BRUCE M. BROWN:

"Myoblastic Sarcoma of the Urinary Bladder."  
Arch. Surg. (in print).

Among the many functions of the laboratory is the active participation in the programs of the weekly Staff Clinics. The micro-projector purchased by the Medical Board and the projector of opaque objects purchased by the Women's Auxiliary of the Medical Board aid greatly in the demonstrations. The use of these projectors is appreciated.

As in the past, the laboratory again acknowledges gratefully the support received from various sources.

Respectfully submitted,

EDWIN F. HIRSCH, Ph.D., M.D., Director.

## TUMOR CLINIC

Chiefly a reference clinic for benign and malignant tumors, and for follow-up after operation.

The following figures give some idea of the amount of work done in this clinic:

	<u>1934</u>	<u>1935</u>	<u>1936</u>	<u>1937</u>
New cases .....	44	79	72	73
Follow-up cases .....	53	101	137	182
Patients who received radium.....	14	30	18	21
Patients who received X-ray.....	11	20	17	9
Patients hospitalized .....	26	40	28	31

## PUBLICATIONS OF THE MEDICAL BOARD

1937

### LOUIS BOTHMAN:

"Quick Test for Presence of a Vertical Prism Produced by a Decentered Lens."  
Archive of Ophth., 17:1087-1088, June, 1937.  
"Repair of Rupture of Wound After Extraction of Cataract."  
Arch. of Ophth., 17:1073-1075, June, 1937.  
"Repair of Choroidal Detachment."  
Arch. of Ophth., 18:65-67, July, 1937.  
"Burning Symptom of Vertical Phoria."

## ENDOWED BEDS AND ROOMS

<b>The Churchman Cot for Children, 1879.</b> —This endowment collected by the "Churchman".....	\$ 4,000.00
<b>The Minnie Memorial for Children, 1879.</b> —In the memory of the first child who died in the Hospital, Minnie Blickion. The money was collected by Mrs. Douthitt.....	4,000.00
<b>The Bed for Incurables, 1889.</b> —This endowment was collected by Miss Olive Lay.....	3,000.00
<b>The Sewing Woman's Bed, 1881.</b> —This endowment was collected by Mrs. N. K. Fairbank.....	3,500.00
<b>The Cot for Crippled Children, 1885.</b> —This endowment was collected by Mrs. Abram Williams.....	4,000.00
<b>The Baldwin Bed, 1881.</b> —Endowed by Mrs. M. C. Baldwin of Lowell, Mass., in memory of her husband.....	4,000.00
<b>The Illinois Central Bed, 1882.</b> —Endowed by the Illinois Central Railroad Company for the benefit of its workingmen, by the payment of .....	6,000.00
<b>The Margaret Stearns Harrison Bed for Incurables.</b> —Endowed by Hon. Carter Harrison in memory of his wife, who died April 30, 1887 .....	4,000.00
<b>The Peck Beds.</b> —These are three beds for women. Endowed by the legacy from Mrs. Clarissa C. Peck of Chicago, who died December 22, 1884.....	15,000.00
<b>The Heydock Bed, 1887.</b> —In memory of Dr. M. C. Heydock, for many years a faithful physician in the Hospital, who died April 17, 1891. Endowed by a legacy from Mrs. Helen H. de Koven, who died March 24, 1886.....	5,000.00
<b>The Armour &amp; Co. Bed.</b> —Endowed by Armour & Co. in 1888.....	5,000.00
<b>The Hamilton Bed.</b> —Endowed by Mr. I. K. Hamilton in memory of his wife, October 11, 1888.....	5,000.00
<b>The Larned Bed.</b> —Endowed by family of E. C. Larned, 1886.....	4,000.00
<b>Caroline De Graff Room.</b> —Endowed by C. B. Blair, March 1, 1889	5,000.00
<b>The William Sage Johnston Bed,, Sr., 1889.</b> —Endowed by Emily Johnston Fabian .....	5,000.00
<b>The Helen H. de Koven Bed, 1887.</b> —Endowed by the payment of	5,000.00
<b>The Horatio S. Shumway Bed, 1890.</b> —Endowed by Clarinda Shumway Hanks, for the benefit of the Visiting Nurses' Association....	5,000.00
<b>The Conrad Seipp Bed, 1890.</b> —Supported by the income of the "Conrad Seipp Memorial Endowment Fund," given by the family of Conrad Seipp.....	13,000.00
<b>The Samuel Johnston Bed, 1889.</b> —Endowed by the nephews and nieces of Samuel Johnston.....	5,000.00
<b>The Lawrence Laflin Bed, 1891.</b> —Endowed by Mrs. George H. Laflin, as a Memorial.....	5,000.00
<b>The Trinity Church Bed, 1891.</b> —Endowed by a fund collected by Trinity Church .....	4,000.00
<b>The George Plant Locke Bed for Newsboys, 1891.</b> —Endowed by the payment of.....	4,000.00
<b>The Margaret K. Fisher Bed, 1892.</b> —Endowed by the payment of	5,000.00

<b>The Dora Keep Memorial Room, 1892.</b> —Endowed by Henry Keep in memory of his daughter, Dora Keep.....	5,000.00
<b>The Esther Marble Freer Bed, 1892.</b> —Endowed by a bequest from L. C. P. Freer.....	5,000.00
<b>The John Crerar Room, 1892.</b> —Endowed by a bequest from John Crerar .....	25,000.00
<b>The Hugo J. Palmer Beds (2), 1892.</b> —Endowed by a bequest from Hugo J. Palmer.....	10,000.00
<b>The Susan M. Stubbs Bed, 1892.</b> —Endowed by a bequest from Hugo J. Palmer.....	5,000.00
<b>The Peter Schoenhofen Bed, 1893.</b> —Endowed by a bequest from Peter Schoenhofen .....	4,000.00
<b>St. Andrews Brotherhood Bed, 1893.</b> —Endowed by a fund col- lected by St. Andrew's Brotherhood.....	4,000.00
<b>The William Gold Hibbard Bed, 1894.</b> —Endowed by William G. Hibbard .....	5,000.00

## REPORT OF THE PRESIDENT OF THE WOMAN'S BOARD OF ST. LUKE'S HOSPITAL

In 1937 The Woman's Board gave to the Hospital a total of \$34,966.75 from its treasury, through its Social Service and Occupational Therapy Departments and its Linen, Nurses', Kindergarten and Clothing Committees. This amount also includes the cost of acoustical treatment in various corridors and lobbies in Smith Building; our Free Bed Fund; the amount given at the request of Dr. McArthur to establish a research department to permit of more efficient study and treatment of vascular diseases; money given by a member of The Woman's Board for the purchase of instruments for Dr. Chandler; refurbishing the dressing room off of the main lobby; flowers for Easter and nurses' graduation, Christmas trees and decorations. In addition one of our Board members refurbished three rooms on "E" Maternity Floor. She also gave \$10,000 to the new X-Ray Department for the purchase of a 400,000 volt deep therapy machine, in memory of Mrs. Henry Faurot, Jr.

In going into the records we find that over a period of ten years The Woman's Board has given to the Hospital through its various activities a total of \$399,942.61. Much of this has been derived from our Annual Fashion Shows. In eleven years we have raised \$311,841.29 net in this way, including \$32,288.84 from the 1937 Fashion Show.

It might be interesting to know that 57,468 clinical visits to the Social Service Department were made last year at a cost of \$19,267.90, net.

In the death of Mrs. Frank O. Lowden in July we lost one of our valued Senior Members.

Mrs. Charles H. Schweppé, although not a member of our Board, was a most generous and thoughtful supporter of our many activities and her death has been a great loss to us all.

Mrs. Ogden Armour was elected to Honorary membership.

We accepted with regret the resignation of Mrs. Chas. Y.

Freeman. Mrs. William S. Covington was transferred from Active to Associate membership.

Five new members were elected during the year, Mrs. Cyrus H. Adams, III, Mrs. Rogers Follansbee, Miss Louise Forgan, Miss Margaret Hixon and Mrs. Walter Byron Smith. Our Board consists of 59 Active Members, 3 Honorary and 1 Senior Member.

In closing, I wish to thank you for your concerted effort, which has made possible our achievements of the past year.

Respectfully submitted,

EMILY LYON GARY

January 24, 1938.

ANNUAL REPORT OF THE CORRESPONDING SECRETARY  
OF THE WOMAN'S BOARD OF ST. LUKE'S HOSPITAL

1937

Notices of eight regular meetings and the annual meeting sent to members of the Woman's Board.

Letter written to Mr. Chauncey B. Borland thanking the Trustees of the Hospital for their letter of appreciation to the Board.

Wrote Mr. Boulter of Edward Gore & Company, thanking him for again auditing the books of the Linen Committee.

Letters of sympathy sent to:

Mrs. Grant Laing  
Mrs. Harold Eldridge  
Mrs. A. Watson Armour, III  
Mrs. Kersey C. Reed  
Mrs. Walter F. McLallen  
Mrs. Gordon Lang  
Mrs. John B. Drake  
Mr. Frank O. Lowden  
Miss Cornelia Conger

Letters of appreciation sent to the Ogontz Society for layettes.

Notification of election letters sent to:

Mrs. Walter B. Smith  
Mrs. Cyrus H. Adams, III  
Miss Margaret Hixon  
Miss Nancy Avery  
Miss Louise Forgan

Letter written to Mrs. Ogden Armour telling of her election to the Honorary Membership of the Board.

Letter accepting resignation sent to:

Mrs. Charles Y. Freeman

Sent out notices for Special meeting in May.

Letter of appreciation to:

Mr. Lewis L. McArthur

for donation in memory of Mrs. Charles H. Schweppe.

Mimeographed letters sent to Members of the Board for first general meeting of the Standards-for-Medical-Social-Work luncheon, May 18th.

Sent out notices for first Fashion Show Meeting with invitations to luncheon at Mrs. John Gary's residence in Glencoe, and that the By-Laws were changed for regular monthly meetings from Wednesday to second Monday of each month.

Respectfully submitted,

EMILY B. SMITH,  
Treasurer.

Mrs. Harold C. Smith, Treasurer,  
Woman's Board of St. Luke's Hospital,  
Chicago, Illinois.

Dear Madam:

In accordance with your request, we have examined the records of the Woman's Board of St. Luke's Hospital for the year ended December 31, 1937.

The cash receipts as shown by the records were checked to the deposits indicated by the bank statements. All cash disbursements were supported by cancelled checks. The balance on deposit in the Northern Trust Company at December 31, 1937, amounted to \$44,859.10, as shown by the bank statement and by the accompanying statement of cash receipts and disbursements for the year under review.

During the year the following investment securities were called for payment:  
\$4,000 American Rolling Mill Company, 5% sinking fund, gold bond debentures, due January 1, 1948.

The amount of \$4,133.33 was realized from call of these bonds, represented as follows:

Principal .....	\$4,000.00
Premium .....	100.00
Accrued interest .....	33.33
	<u>\$4,133.33</u>

There were also purchased during the year \$4,000 U. S. Treasury Notes, 1 3/4 %, due 1942, at a cost of \$4,033.67, including interest to date of purchase.

The following investment securities held in the vaults of The Northern Trust Company, as custodian, were confirmed to us by that bank:

	Par Value	Cost	Market Value Dec. 31, 1937	Received During Year 1937	Interest Received During Year 1937
Kentucky Utilities Company, 5% first mortgage bonds, series "H," due February 1, 1961 .....	\$5,000.00	\$5,025.00	\$3,862.50	\$250.00	
U. S. Treasury Notes, 1 3/4 %, due in 1942.....	4,000.00	4,030.00	4,070.00		
	<u>\$9,000.00</u>	<u>\$9,055.00</u>	<u>\$7,932.50</u>	<u>\$250.00</u>	

The cash receipts and disbursements for the year, in connection with the securities of the committees of the Woman's Board, are summarized as follows:

**THE WOMAN'S BOARD OF ST. LUKE'S HOSPITAL  
STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 1937**

**RECEIPTS:**

# ADMISSION OF PATIENTS

*The Charge for Children under 12 years  
of age, Ward Beds, is . . . . . \$1.00 per day*

*The Charge for Open Ward Beds is . . . \$4.00 per day*

*The Charge for Semi-Private Beds is . . . \$5.00 and  
\$5.50 per day*

*The Charge for Private Rooms is . . . \$6.75 to  
\$18.50 per day*

The Hospital cares for about 500 wholly free patients, and will, when there are vacant beds in the open wards, receive patients whose means will not permit them to pay, provided they are admissible under the rule governing the admission of patients.

Application for the admission of free patients who are unable to apply in person, must be made prior to sending them, and should be made between the hours of 9 a.m. and 5 p.m. All promises of admission are made subject to the result of an examination, as to admissibility, on their arrival at the Hospital.

The financial status of all free patients is investigated by the Social Service Department and free treatment will not be given unless justified by the report.

Visitors to patients in the Main Building should apply at the Indiana Avenue office.

## EXTRACT FROM RULES

"The Hospital is for the treatment of acute, curable, non-contagious diseases and injuries. The following are inadmissible: Sufferers from contagious, dangerously infectious, or incurable diseases, drug habits, delirium tremens, insanity and persons whose presence in the wards would be prejudicial to the welfare of the other patients.

"Patients who refuse to accept the treatment prescribed by the Medical Staff, or refuse to comply with the instructions of the physicians or nurses, or who willfully violate the rules of the Hospital will be discharged."

"Thank You" Letters Written..... 801

## **FLOWER REPORT**

**1937**

At Easter a carnation was placed on the tray of each patient. Lily plants were put on the dining room tables for the nurses, internes and personnel of the Hospital. Three large lily plants were donated by a member of the Board for the entrances of the Hospital.

As usual, Christmas trees were decorated on the various floors and wreaths hung at the windows. A red carnation was placed on the tray of each patient.

## REPORT OF THE FURNISHING COMMITTEE FOR 1937

At the last annual meeting, Mrs. Charles Glore most generously offered to furnish the three rooms on E floor in which her three babies were born. As we had planned to do over this entire floor in a pale peach tone, we ordered for her the regulation hospital pieces to match the walls, but owing to complications in my life, we had to thrust upon her the work of buying the remainder of the furnishing. I am sure countless young mothers have enjoyed the results of her good taste since their completion.

The Doctors' Lounge needed to be done over on the 19th floor and this I was able to do over the wire and by letter as we used the waiting room on Main 2 as our model.

This Autumn we have completely done over Main 17, duplicating Main 7, which seems to be well liked by the patients. Funnily enough we find that sick men seem to find pinky-peach a more sympathetic tone than the pale grey-blue and grey-green we had thought more suitable for masculine tastes on Main 6.

Hoping to be more available this year and that you will be indulgent with us for our unavoidable invisibility in 1937.

Respectfully submitted,

CORNELIA CONGER.

## ANNUAL KINDERGARTEN REPORT—1937

Special parties were given for the children on Main 8, consisting of favors, ice cream and cake on the following holidays throughout the year—Valentine's Day, Washington's Birthday, St. Patrick's Day, Decoration Day, Fourth of July, Hallowe'en, Thanksgiving and Christmas.

The children had an unusually fine Christmas. With the following list of checks, toys and clothing were purchased for the children, also a gram scale which is to be used in the formula laboratory: \$50 from Mr. Walter B. Smith, \$50 from the Service Club, \$50 from Mrs. John B. Drake, Jr., \$10 from Mrs. Chauncey Borland, \$8 from Mrs. John W. Gary. Aside from these donations flowers were received from an ex-patient, stuffed animals from another, and Mrs. Gary gave a very fine aquarium which is a great delight to the children. The Ladies Auxiliary gave Venetian blinds, also filled stockings for each child. Mr. Charles H. Schweppe sent candy and the Grey Ladies gave the ward two canaries.

In the late spring Mrs. May, the kindergarten teacher, resigned and Miss Rose Thaviu took her place. Due to the fact that the toys were badly broken, Miss Thaviu asked permission to replace them. This was done.

## ANNUAL REPORT OF THE LINEN COMMITTEE OF ST. LUKE'S HOSPITAL—1937

Madame President and Members:

During the past year we have given the Hospital 4,556 articles at a cost of \$2,251.89 and also supplied the Training School with 3,497 articles with a value of \$1,100.74.

We have continued the salary of the Supervisor of Linen at \$1,259.36, paid the rental for the Vault Box at \$6.60, and purchased 10 new Canvas Baskets for the Laundry at \$96.96.

Thirty-six nurse's uniforms were given the City Contagious Hospital as a gift from St. Luke's valued at \$54.39.

One new article was given this year to the Training School, the mattress covers, which we hope to keep adding as the old mattresses are replaced with new ones.

During the year 15 churches have made 4,343 garments which has greatly relieved the Sewing Room for other work.

The total amount given the hospital as shown in the following financial report of disbursements this year being \$4,715.55, less \$30.00 the refund for uniforms bought by the employes, and two small pillows sold, or a net amount of \$4,685.55.

May we take this opportunity of thanking all those who have given to our funds and the churches for their assistance in the sewing during the year.

Respectfully submitted,

MAY W. ELDRIDGE,

Chairman.

## AUDITOR'S REPORT

### ST. LUKE'S HOSPITAL LINEN COMMITTEE

Linen Committee,  
St. Luke's Hospital,  
Chicago, Illinois.

Mesdames:

We have examined the cash transactions of the Linen Committee of St. Luke's Hospital as disclosed by the Treasurer's records for the year ended December 31, 1937, and submit herewith our report together with the attached Balance Sheet at December 31, 1937, and statements of Receipts and Expenditures and Income from Investments for the year.

#### INCOME AND EXPENDITURES

The expenditures for the year ended December 31, 1937 exceeded receipts on account of income by \$275.60 compared with excess receipts of \$188.08 for the preceding year, a decrease in net income of \$463.68.

The following is a summary of the receipts and expenditures for the two years ended December 31, 1937, exclusive of the cash transactions in relation to investments realized and purchased:

	1937	1936	Increase Decrease*
Receipts—Income:			
Donations .....	\$1,108.00	\$1,114.00	\$ 6.00*
Interest .....	3,341.75	3,637.50	295.75*
Miscellaneous .....	30.00	138.94	108.94*
	<hr/> <u>\$4,479.75</u>	<hr/> <u>\$4,890.44</u>	<hr/> <u>\$ 410.69*</u>
Expenditures:			
Salary .....	\$1,259.36	\$1,221.84	\$ 37.52
Supplies and Materials.....	3,449.59	3,426.62	22.97
Miscellaneous .....	4,755.35	4,702.36	7.50*
	<hr/> <u>\$4,755.35</u>	<hr/> <u>\$4,702.36</u>	<hr/> <u>\$ 55.99</u>
Income in Excess of Expenditures.....	<u>\$ 275.60*</u>	<u>\$ 188.08</u>	<u>\$ 463.68*</u>

The decrease of \$463.68 in net income for 1937 is due to reductions in interest and miscellaneous receipts of \$295.75 and \$108.94 respectively. Expenses and purchases increased \$52.99.

#### BALANCE SHEET

The assets of the Jessie Spalding Landon Fund and the Linen Committee General Fund at December 31, 1937 are presented in detail in the Balance Sheet attached in Schedule I. They may be summarized as follows:

	Jessie Spalding Landon Fund	General Fund	Total
Cash in Banks.....	\$ 246.19	\$ 1,715.67	\$ 1,961.86
Real Estate Notes.....		18,050.00	18,050.00
Bonds .....	39,746.25	1,005.00	40,751.25
	<hr/> <u>\$39,992.44</u>	<hr/> <u>\$20,700.67</u>	<hr/> <u>\$60,763.11</u>

Cash in banks at December 31, 1937 was reconciled with statements furnished by the depositaries. We ascertained that disbursements during the year were supported by cancelled checks, invoices, etc., and that receipts recorded in the cash book were deposited in the bank, but our examination of the receipts was limited to the verification of the income derived from securities.

The notes of the Chicago Automatic Conveyer Company for \$5,000.00, due July 9, 1932, are unpaid. Interest on these notes has been paid to July 9, 1937, and we were advised that an extension of the due date is contemplated. The note of John H. and Hattie Petzel during January, 1938 was extended to August 25, 1942 and the interest rate reduced to 5% under a new plan of repayment. We are advised that the four years' past due interest at December 31, 1937 amounting to \$360.00 has been cancelled.

We inspected the notes receivable amounting to \$18,050.00, and the \$1,000.00 bond of The First Trust Joint Stock Land Bank of Chicago which are kept in the safety deposit box, and we have received confirmation from the Northern Trust Company that bonds of the par value of \$40,500.00 were on deposit with that bank. The accompanying statements do not reflect the value of any interest which the Linen Committee may have in the principal of the Robert W. Roloson Fund, which we are advised is carried as part of the general endowment fund of St. Luke's Hospital.

Investments are stated at cost, and we have not investigated their present market value.

We wish to acknowledge the assistance and courtesies extended to our representative during the conduct of his work.

Yours respectfully,

EDWARD GORE & CO.,

Certified Public Accountants.

# LINEN COMMITTEE OF ST. LUKE'S HOSPITAL

---

TOTAL EXPENSES.....	\$1,994.24
---------------------	------------

During 1937 the Nurses' Committee bought dishes for the Nurses' floor of the Hospital, also a vacuum cleaner, and furnished four (4) dressing carriages for Smith Memorial Building. The sum of \$199.89 was added to the income of the Hettler Fund, which the Hospital holds, to provide afternoon teas and refreshments for the nurses on special occasions.

The expenses for the graduating exercises of the Training School were paid by the Committee and tuition at the Summer School of the University of Chicago was provided for one of the graduate nurses.

The Committee was happy to be able to give a number of awards to the graduating class at Commencement through a gift of one of the Committee, Mrs. Charles Morse, through funds the Committee had on hand and from an anonymous donor.

Respectfully submitted,

BELLE M. BORLAND,  
Chairman.

**ACCOUNTANTS' REPORT**

Nurses' Committee of St. Luke's Hospital,  
Chicago, Illinois.

We have made an examination of the records relating to cash receipts and disbursements of the Nurses' Committee of St. Luke's Hospital, Chicago, Illinois, for the year ended December 31, 1937, and have prepared therefrom the foregoing statement which sets forth the transactions for the year as recorded therein.

We have examined cancelled checks and invoices in support of the disbursements, but no minutes of the Committee meetings authorizing the expenditures were available. The cash in bank as at December 31, 1937 has been confirmed by certificate from the depositary.

PEAT, MARWICK, MITCHELL & CO.,  
Honorary Auditors.

Chicago, Illinois.  
January 20, 1938.

Mortgage and Real Estate Corporation Bond (formerly Chicago Title & Trust Co. as Trustee 5% Bond—Series E) paid \$118.00 in 1936 to Treasurer of Woman's Board of which \$100.00 was principal, and \$18.00 was interest, and paid \$117.00 in 1937 to Treasurer of Woman's Board of which \$100.00 was principal and \$17.00 was interest. (Hettler)

**NUMBER OF PATIENTS:**

92 Hospitalized patients came to shop and spent 1252 hours in shop.

176 Out-Patients came to shop and spent 1123 hours in shop.

52 Patients received bedside Occupational Therapy. 427 hours were spent with them, with 1003 calls on wards, sun rooms and private rooms.

320 Patients given curative treatment.

#### **TYPES OF CASES:**

194 Orthopedic Cases  
66 Spastic Cases  
21 Surgical Cases  
22 Neurological Cases  
17 Medical Cases

Functional Treatment was prescribed for 212 cases.

Diversional Treatment was prescribed for 108 cases.

The patients are spending a great deal of time in the shop, each one taking much individual attention. Some patients spend 3½ to 4 hours a day in the shop. One patient spent 2 to 2½ hours every day for 8 months in the shop. One patient spent 1½ to 2 hours three times a week for 9 months. One patient spent 1 hour once a week for 1 year and 4 months and is still coming. One patient spent 5 to 6 hours every day for 3½ months. One patient spent 1½ hours twice a week for one year and 9 months and is still coming.

Moving pictures of patients were taken by the doctors for teaching purposes.

A lecture with pictures and demonstrations of cases was given by Dr. Coulter for a meeting of the Grey Ladies.

Lectures and workshop demonstrations were given to student nurses—term papers of student nurses were graded.

Pictures were taken for the newspapers.

Mrs. Abbey attended several executive meetings of the Illinois Occupational Therapy Association to discuss plans for closer cooperation with the National Occupational Therapy Association.

#### **Projects Given as Treatment:**

Curative Exercises—Corrective blocks, toys, and games.

Weaving—Foot power loom, hand loom, braid weave, card and cardboard.

Wood Work—Sand papering, sawing, shaving, whittling, carving, chip carving, bench, wood, inlay, painting and design, paper and cardboard construction.

Flower Making—Paper, cloth, bead, tin and metal work.

Clay Modeling.

Toy Making—Wood, tin and cloth, stuffed animals and dolls—plaster casts for toys.

Reed and Raffia Basketry—Knotting, sewing, embroidery, knitting, crocheting, hooking, lead carving.

Wood block printing and carving.

#### **Donations:**

Stockings, hinged cigar boxes, tin cigarette boxes, magazines, Christmas cards and materials.

Mrs. Raymond M. Ashcraft, Mrs. Chauncey B. Borland, Mrs. Harold Eldridge, Mrs. Edwin W. Ryerson, Mrs. Allyn D. Warren, Anonymous.

Respectfully submitted,

GERTRUDE D. LAING.

OCCUPATIONAL THERAPY DEPARTMENT  
ST. LUKE'S HOSPITAL

January 21, 1938.

Occupational Therapy Department,  
St. Luke's Hospital,  
Chicago, Illinois.

Dear Mesdames:

We have audited the records of the Occupational Therapy Department of the St. Luke's Hospital for the year ended December 31, 1937 and submit here-with a statement of cash receipts and disbursements for the period.

Cash disbursements were supported by cancelled checks and receipts. The amount of cash in the bank was reconciled to the bank statement.

The Treasurer of the Woman's Board of St. Luke's Hospital holds for the Occupational Therapy Committee the following security:

Mortgage and Real Estate Corporation Notes, Inc., registered 5%, due January 1, 1955 (\$1,000 less 20% paid), \$800 market value December 31, 1937.

During the year under review the principal payment of \$100 and interest of \$17 on the foregoing security was received by the Treasurer of the Woman's Board of St. Luke's Hospital.

Yours faithfully,

ARTHUR YOUNG & COMPANY,  
Certified Public Accountants.

ANNUAL REPORT  
SOCIAL SERVICE DEPARTMENT  
ST. LUKE'S HOSPITAL

1937

In the year 1937 the visits to our clinics totaled 57,468, an increase over 1936 of 3,240 visits.

In the work of the Admitting Department the great increase in volume, noted during 1936, has been maintained both as to the number of new interviews and as to re-interviews of patients. The disposition of rejected patients, however, has become increasingly harder and more discouraging because of the strain placed on the hospital's facilities and services by the increased applications. Due to lack of beds available for free and relief cases and to the length, in each clinic, of waiting lists of operative cases, applicants evidently in need of hospital care not of an emergency nature were necessarily rejected and that without suggestion as to where their care could be supplied elsewhere, as the same situation as that with which St. Luke's has been confronted appeared to be prevalent in the clinics of other Chicago hospitals.

Of the number of applying cases not accepted for clinic care approximately:

- 24% were referred back to private physicians
- 15% were already established in other clinics
- 34% were rejected because clinic and hospital capacity had been reached
- 27% were rejected for miscellaneous reasons, such as: out of Geographical area; medical legal cases; and were unable to meet clinic requirements here.

Representation at professional meetings is an obligation we have to meet in our cooperation with other agencies and the general welfare program of the community. During the past year, the Social Service Department took an active part in community programs and studies were made by various groups. This has included participation in the Illinois District meetings of the sub-committees of the American Association of Medical Social Workers, and monthly meetings of cardiac workers at the Chicago Heart Association.

Four workers were privileged to attend the National Conference of Social Workers held in Indianapolis in May.

During the past year, the service given to patients in our **Medical Clinic** has been extended due to increased personnel. Twelve of our staff physicians have given their services and, in addition, six outside physicians. This provides greater continuity of service and increased cooperation and confidence on the part of the patient. Several research projects are in progress, and in addition the Social Worker, Mrs. Orma Peckham, who is in charge of this clinic, has tried through home calls, group and individual instruction, agency contacts and interpretation, to be of every assistance possible. This clinic serves patients with heart trouble, diabetes, cardio-vascular disturbances, leukemias, and gastro-intestinal disturbances. In 1937 the Social Service car made possible 277 home calls by the medical social worker. This personal contact with the patient and his family facilitates one of the most valuable functions of the social worker, namely, the interpretation of the medical condition, to the patient and his family, and of the social situation to the doctor. It is often possible for a student nurse to accompany the social worker, and she, too, benefits by seeing the patient in his own environment.

The **Orthopedic Clinic** meets four times a week with nine staff doctors in attendance, each of whom has been most generous in devoting many hours of his time. Miss Ada Blumer is in charge. 2803 visits were made to this clinic during 1937 and 76 patients were hospitalized. Through various agencies, material aid has been secured and many adjustments have been made in the home. The majority of the patients are known to either the Infantile Paralysis Division of the Visiting Nurses' Association, or the Municipal Tuberculosis Sanitarium nurses. More than one-half of the clinic attendance is made up of children who are, in most instances, registered in one of the five Special Schools—Gompers, Christopher, Jahn, Spalding and Morrill. The Grey Ladies and St. Luke's Volunteers give many hours of their time to this clinic. They assist in carrying on clinic routine and drive the worker making home calls. They also have donated many gifts to the patients—such as tickets to Junior League Children's Plays, clothing, magazines, Christmas baskets, and this past year they undertook to provide a playroom and made that most needed facility possible by converting one of the waiting rooms and by planning, executing and providing all the furnishings. Shoes and clothing were purchased for the patients through the Clothes Fund, while braces and other orthopedic appliances were furnished by the Social Service Department, the Special Schools, the Mayor's Advisory Committee for Infantile Paralysis, the Visiting Nurses' Association, and the Marquette Charitable Organization. Summer outings were afforded certain

of the child patients at the camp on Brown's Lake, Wisconsin, or that at Twin Lake, Indiana. Finally, several patients have secured positions through the activities of the Illinois Free Employment Bureau.

The **Neuro-Psychiatric Clinic**, of which Miss Blumer is also in charge, meets five days a week with six staff doctors in attendance, of whom each has most generously served many clinic hours. 1731 visits were made during the past year. An attempt has been made to differentiate between organic and functional cases and to assign them to the doctor specializing in each field. A large number of patients have, with the help of doctors and the material aid available through the various agencies, been able to make satisfactory adjustments in their own homes. However, in several cases it proved necessary to arrange commitment to state institutions. 35 patients were hospitalized on the Neurological and Neuro-Surgical Service during the past year.

At the **Neuro-Circulatory Clinic** 176 visits were made during the past year, and 8 patients were hospitalized. This clinic convenes every Thursday morning with Dr. DeTakats in attendance.

The **Dermatology Clinic** is held on Tuesday and Friday at 1 P. M. with three staff physicians in attendance and Miss Helen Shure in charge. Because of the current campaign for the control of Venereal diseases, considerable attention is centered on the anti-luetic clinic here. The duties of the social worker consist largely in interpreting the disease and its implications to the patient so that he will cooperate in taking adequate treatment over the long period which is necessary. Sources of the infection are investigated and all other members of the patient's family are examined. Follow-up work is an important part of the routine and many home visits are made.

The **Pediatric Clinic** has grown markedly in 1937. 1138 new children were accepted, and 8273 clinic visits were made, an increase over 1936 of 67 new patients and 1150 visits. These clinic visits, which last year amounted to one-fourth the entire Out-Patient Dept., now are nearer one-third of the total. The work of this clinic is carried on under the supervision of Miss Glenn Hoover, our Social Worker. Of all new children admitted, 70 were previously known to have heart disease and 30 more were so diagnosed after further examination here. Each year about 100 young cardiacs are taken under treatment. Older cardiac children are transferred to St. Luke's by Children's Memorial Hospital as soon as they become 13 years of age. They are followed by the same

doctors since the two hospitals have the same staff for this service. This arrangement provides unusual advantages for both patients and doctors. Special schools, special camps, and convalescent care are available for this group. Five boys and five girls were sent to Sunset Camp for six weeks; four girls to Bowen Country Club for two weeks, and fifty cardiacs, including mothers and children, to Rheinberg Camp. 14 underweight girls were sent to Ridge Farm Preventorium where they were able to stay several months, one of them gaining twenty pounds. Ten convalescent and underweight children were sent to Women's and Children's Convalescent Home for periods ranging from two to eight months. Twenty-four under-privileged boys and girls enjoyed two weeks' vacation at Holiday Home on Lake Geneva, and fifty mothers and children were guests of the Salvation Army at Camp Lake. During the winter, 50 Children's Theatre tickets were provided by the Junior League, and one hundred children were entertained by the Church Club at their Christmas Party at the Sherman Hotel. The Allergy division of this clinic (hay fever and asthma) has grown remarkably in size and scope. Serums for treatment have been made by the clinic from material brought from the patient's homes. The cost of treatment in such cases is greatly reduced and results are speedier and more effective. Parents of patients suffering from asthma have been profuse in expressing their appreciation for the relief afforded.

The other two divisions of Pediatrics, Infant Feeding and the Nephritic Group progressed to a point where an increase in medical staff was necessary and made.

The **Surgical Clinic**, held daily in the afternoon except on Saturday when there is a morning session, is staffed by seventeen surgeons and in charge of Miss Myrtle Peterkin. The number of visits for the past year was 5187. 256 patients in this clinic were hospitalized.

The **Urology Clinic** holds four sessions each week, is attended by four urologists, and is also in Miss Peterkin's charge. 2256 patients were given care in this clinic of whom 72 were hospitalized. With the assistance of two full time student nurses in these clinics, we are able to do many minor operations, cystoscopies and pyelograms. Because economic and social factors often complicate and retard the progress and convalescence of surgical patients, extensive planning with other agencies becomes frequently necessary. The following is an example of adjustments the worker is often called upon to make:

Emily, a 17-year-old girl, was admitted to the Hospital September the 1st, on a Surgical Service with a diagnosis of unresolved pneumonia and a draining fistula of the abdomen. After an illness in her home for many weeks, a friend of the family had advanced a week's pay for hospital care. Following reference of the case to this Department by the hospital a study of the family history revealed the mother and her five children were receiving a pension of \$55.00 a month from the Juvenile Court, and as Emily was in need of many weeks' hospital care, arrangements were made therefor by transfer of her case to a free bed. After fifteen weeks of medical and nursing care, the doctors advised transfer to a convalescent home for absolute bed rest. As there are no free convalescent homes providing this care, it was necessary to send Emily to her home in Cicero, where, with the assistance of the Cicero Welfare, a bed, blankets, and an extra stove were secured, while the Social Service Department supplied a rubber ring, bed pan, thermometer, and transportation to her home. Through the Cicero Health Department a nurse was asked to supervise the patient's home care and supplementary help, in the way of a food check, is being given by the Cicero Welfare Bureau. Needless to say, Emily was delighted to go home, and especially to be there for Christmas. Her prognosis is very good, and the worker plans to keep in contact with the family until Emily's recovery is assured.

The **Gynecology Clinic** has been conducted on regular schedule with eight staff men in attendance and Mrs. Weimar in charge. Mrs. Weimar is our Social Worker who, as Helen Connors, has in past years supervised this work. There were 4,541 clinic visits, of which 297 were by new patients. Hospitalization was arranged for 140 patients, as compared with 161 in 1936. 94 were pay patients, 17 were relief clients, and 28 were admitted on the Community Fund. The Carcinoma patient continues to be our greatest problem. At present we have 43 active cases in our files; of these, only two are in advanced stages. This number is an increase of 7 patients over last year. It includes 3 young mothers who have a good prognosis. The visiting nurse is called upon frequently to care for patients at home and also in terminal cases where daily care is given to add to the comfort of the patient. During 1937 and to insure their more complete recovery, six patients were sent to convalescent homes for an average period of six weeks before returning to their homes.

Through the generosity of Dr. Harold O. Jones, we were able to purchase a machine for the Ruben test in our clinics which has proven helpful in our study of the presence of sterility.

During 1937, 642 mothers were cared for in the **Obstetrical Clinic** of which number 419 were white and 223 colored. The total number of visits made this clinic were 4,426. There were 594 Regular Service cases delivered on the ward and one maternal death. The Chicago Relief Administration and Community Fund paid for 53 confinements—such pathological cases as toxemia, cardiacs, hypertension, contracted and deformed pelvises, and thus provided supervised hospital care otherwise unobtainable. This clinic is in charge of Miss Ethel Bloomquist, our Social Worker who interviewed each patient, gave instructions in prenatal care and helped with social problems arising in the homes. Eleven illegitimacies and three desertions were referred to specialized agencies for supervision.

The **Eye Clinic** is held four afternoons a week and is also in charge of Miss Bloomquist. 2,768 visits were made to this clinic in 1937. 127 new patients were admitted for diagnosis, treatment, and follow-up care. The Chicago Relief Administration purchased 238 pairs of glasses for clients through the clinic. The Hospital's Social Service Eye Fund purchased 49 pairs for those unable to meet this expense. Newly purchased equipment has been very helpful in the evaluation of visual efficiency and the need for eye muscle exercises. It is hoped that a class can be arranged for children who have "eye muscle" difficulties and need orthoptic exercises.

The **Ear, Nose, and Throat Clinic** is held daily, except Saturday and Sunday, with eight staff members in attendance and Miss Aileen M. Berry in charge. An operative clinic is held in Main 19 six days a week. During 1937, 4,019 visits were made to this clinic, of which 373 were from new cases and 513 cases were operated. The Department of Peroral Endoscopy, led by Dr. Holinger, meets on Wednesday and Saturday mornings. Here patients referred from all other clinics are seen and such special examinations as Laryngoscopy, Bronchoscopy, Gastroscopy, and Esophagoscopy are performed. The clinic prides itself on its new room affording separate cubicles for each patient and designed and equipped according to staff suggestions. It is fortunate in having added space, many new instruments, and new equipment.

The deaf child is a problem brought occasionally to our attention. All possible medical aid is given, as well as recommendations to special schools and classes where instruction in lip reading and speech are available.

In the **Dietetic Clinic**, of which Mrs. Mozelle Grimson is in charge, it is notable that the majority of instructions for 1937

were for reduction diets. Approximately 300 overweight patients were individually instructed. Next in number of instructions were Bland and Diabetic diets. Class instruction was limited to the Diabetic group. We were able to reach through our classes a total of 74 of our Diabetic patients for additional instruction. This year an effort was made further to assist patients in dietary management through home visits which were made by the dietitian with the medical social worker. Whenever possible, one morning a week was devoted to visiting and a total of 62 home calls were made. An additional phase of dietary instruction has developed in the Allergy division, the dietitian devoting one morning a week to these patients. A slight majority of the clinic patients instructed as to low cost diets were non-relief patients. With relief patients, an effort is always made to instruct patients on diets which are comparable to the minimum food budget as issued by the Relief Administration. In 69% of the diets for relief patients, it was found necessary to adjust the food budget in order to meet the dietary requirements.

A review for 1937 of Student Nurse activities in the **Out-Patient Department** by Miss Irene Stolp, who heads that department, discloses that 63 student nurses have spent 8 weeks there during the year. The number has varied from 4 to 15 at one time.

Since Miss Wittmack was added to the staff, more time has been available for the instruction and supervision of students. Despite an increase in students, it has been possible greatly to enlarge the scope of their work.

89 home calls have been made by students, as follows:

30 calls—on diabetic patients to follow up instruction on insulin therapy and lend moral support to the patient when taking the first 2 or 3 doses.

19 calls—to assist mothers with new formulas.

24 calls—to check temperatures on cases outside of geographical limits of the Visiting Nurses Association.

16 calls—miscellaneous, as follows: 2 to check home conditions where a premature baby was to be sent home; 4 to cardiac clinic children for report on home conditions and to supply material for their amusement abed; 4 to teach and assist the mother with irrigation ordered for child; 6 to teach the mother a formula and help her with her relief food budget, accomplished with the help of Mrs. Grimson, the Clinic dietician. The student actually went

shopping with the mother and planned the meals. She became very much interested. She made several extra calls on her own time, "to see," she said, "that the other children don't eat up the baby's oranges." Dr. Capps has been carrying out a research project every Wednesday. The whole time of one student is required that day to assist. For the past 2 months, we have been able to do pyelograms in the X-Ray on Out-Patients. This required quite elaborate services usually found in the operating room. This procedure avoids admission of the patient to the hospital and saves 2 or 3 days' hospitalization. Drs. Solomon and Fentress have also conducted research with the aid of Dr. Hibbs. This has required one-half day of one student's time each week.

20 Field Trips were arranged to the following places:

Chicago Heart Association  
Morals Court  
Illinois Social Hygiene  
St. Vincent's Orphanage  
Salvation Army Hospital for Women  
Chicago Maternity Center  
Hull House  
Cook County Hospital  
Illinois Research Hospital  
Children's Memorial Hospital

The extent and detail of the Hospital's care and after care in public service are unfamiliar topics of vital importance. Through the tireless resourcefulness and kindness of Miss Katherine Stephens these duties are exceptionally executed not only by personal visits to those undergoing hospitalization but, to mention only certain of her wide activities, in arranging convalescent care, following up personal and social problems arising in the Department and in the Hospital, seeing to adoptions and servicing cases in the Juvenile Court. Two, out of many, 1937 illustrations of this invaluable service follow:

1. Mrs. Bailey with her four little children, who had come in from an abandoned mining camp in southern Indiana in search of a missing husband and father who had started for Chicago job hunting four months previously. After paying one night's lodgings, she had seven cents left so the Wabash Inn-Keeper sent her to us for advice. Miss Stephens arranged for shelter at the Sarah Hackett Stevenson Home; referred the case to the Transportation Department; and reported the missing husband to the "Bureau of

Missing Persons," and the Salvation Army. Meanwhile, the Bureau is conferring with her local Indiana Welfare Department and a plan will be worked out for her and the children. At present, facing the futility of returning to the deserted mining camp and the absence of assisting relatives, it seems best to obtain institutional work for the mother so that she can have the children with her.

2. From the ward came the call: "Nick Pucci is dying; unable to locate relatives." Nick had been brought in as an accident case—hit by a truck while on duty at his newsstand on Wabash and Harrison—skull fractured. In a vain attempt to locate family or friends, Miss Stephens telephoned the Western News Bureau and secured the name of his employer, but Nick, as a helper, was not listed. We called at the stand and talked with "Boss-man." His contribution was that Nick's best friend was a street cleaner—recently transferred out on the West side somewhere. Visiting his room in a cheap hotel in the Madison-Halsted District, other roomers and manager were interviewed. All were found to be very courteous, but information was vague for Nick was a silent man and talked very little about wife and children somewhere in Italy. He has a brother in Norwood or Maywood. At last, a card was found with a Maywood address, but all efforts there failed to locate anyone who knew Nick. Phone calls to priests in Italian Roman-Catholic churches in Norwood and southwest side, confirmed the information that Nick did not go to church and therefore was unknown there. The newspaper in Norwood knew no family of Pucci. A checkup of all families in the telephone book also failed to locate anyone who knew Nick. So Nick died unclaimed, and the records are now with the Public Guardian waiting an inquiry from Italy, or the brother here.

Essential and indispensable aid to our work is supplied by our own records. The Record Room, of which Miss Olive Raftree is in charge, and in which she is assisted by Mrs. Louise Crage, has preserved and afforded complete and thoroughly systematized data covering our past and current services and has been ably kept up to date and available for ready reference in the face of the increase in the volume of our work.

We are deeply indebted to Miss Tranby for maintaining our financial accounts and records in perfect state as she has done for the past ten years, and for her very helpful cooperation and collaboration with Miss Armstrong.

Through the Helen Shedd Reed Fund we have been in the fortunate position of being able to provide private nurses for free

patients at the request of the doctor in charge, and take this opportunity again to state our gratitude for the contributions made from this Fund.

Previous references in this report indicate only partially the important and effective help we have constantly had from the Grey Ladies of St. Luke's and the St. Luke's Volunteers, not only in our routine but also in the various clinics, departments and subdivisions of our endeavor. Their standards of both attendance and performance have left nothing to be desired and have given much for which we now state our admiration and appreciation.

We wish our friends to know of our gratitude for their assistance: The Woman's Guild of St. Chrysostom's Church, the Church of The Holy Spirit of Lake Forest, the Goldblatt Foundation, Mrs. Kersey Coates Reed and Mr. Philip Harper for their timely and most useful donations totaling \$781.00; Mr. Charles H. Schweppe for his gift used to purchase Christmas supplies; and to the St. Luke's Staff Nurses for their contribution of \$53.00 received during the Christmas holidays.

Of immeasurable assistance to our work, and though constantly entailing long hours commencing early in the day, Mr. Zabel has promptly provided our clinics on every day of the week, including Sundays, with the numerous prescriptions which he has himself filled in the accurate manner in which he is singularly skilled. We appreciate that his accomplishments are the more difficult because of his other duties to the Hospital and we convey to him our grateful appreciation of his assumption and performance of these additional duties in our behalf.

The capacity of our Department for service and its attainment of its known and always expanding purposes have been possible because the Medical Staff of the Hospital have, regardless of the time required of them, and most unselfishly, devoted themselves to the work and patients at our clinics, and because the Social Service Staff have, without reservation or consideration of themselves, carried forward the Department in a most efficient and most competent manner and maintained and effectuated the principle that each patient shall receive personal and the required attention. The combination of both staffs in a conscientious and unqualified spontaneity of performance has made real the progress of the public service to which we too are dedicated. Conscious that we are without the means adequately to award the recognition they, collectively and singly deserve, we wish them to know our deep gratitude.

The wisdom of Mr. Wordell in helping our Department and the Social Service personnel whenever and from whatever direction difficulty arises or cooperation is requested has assured to our Department prompt guidance in a host of frequent problems. Though personally charged with full responsibility for the operation of the Hospital he has contributed to us both himself, and through his assistant, Mr. Pearson, a spirit and constancy in his helpfulness for which we record our deepest gratitude.

Miss Armstrong has been the field marshal of our work in all its divisions and details. We share with the patients of our Department, and all others with whom our Department is in touch, a deep affection for her entire self-devotion and a complete admiration for an unwavering ability in the solution of an endless chain of quandaries and difficulties. A union of such strength in mind and character with the calmness and kindness of her personality is surely very rare. We wish Miss Armstrong to know our conviction that the accomplishments and recognition of our Department and its purposes have been assured by her high, resourceful and gentle leadership.

Respectfully submitted,

**Marguerite P. Wolf.**

## BY-LAWS OF THE WOMAN'S BOARD OF ST. LUKE'S HOSPITAL

### ARTICLE I.

The Board shall be called the Woman's Board of St. Luke's Hospital.

### ARTICLE II.

Its object shall be to aid the Trustees of the Hospital to provide bedding, table linen, china, reading matter, delicacies, comforts for the sick and furnishings for the Hospital and the Elizabeth Stickney Home (The Training School for Nurses), also to invite the co-operation and secure the help of the Episcopal Churches and all charitable people of Chicago in the work of the Hospital.

### ARTICLE III.

Section 1. Membership shall be of four classes: Honorary, Senior, Active and Associate.

Section 2. Honorary Membership may be conferred upon one who has rendered especial or distinguished service to the work of the Board. The name of one desired to be so honored shall be sent in writing, with the reasons therefor, signed by at least two members of the Board, to the Membership Committee. If the name is considered favorably by the unanimous ballot of the Membership Committee, it shall be recommended to the Board where election shall be by ballot. **A unanimous vote of the Board shall elect to Honorary Membership.** Honorary Members have all the rights and privileges of membership except the right to vote and hold office. Honorary Members pay no dues.

Section 3. Senior Members shall be chosen, on the recommendation or with the approval of the Membership Committee, from those who have served as active members of the Board. They shall have the right to attend all meetings, may vote at all meetings and have all the rights and privileges of active members except that of holding office. Senior Members shall not, unless volunteering or expressing a desire so to do, be considered available for active work or service at the hospital. Senior Members shall pay annual dues of \$15.00.

Section 4. Active Members shall not exceed sixty in number; shall pay annual dues of \$5.00, and have all rights and privileges of membership.

Section 5. Associate Members pay annual dues of \$10.00. They shall have the right to attend meetings of the Board, and shall be notified by card of the annual meetings. Associate Members do not vote nor hold office.

Section 6. Candidates for membership on the Board shall be recommended in writing by two members of the Board to the Membership Committee. The Membership Committee shall vote by ballot upon candidates so recommended, and upon unanimous vote same shall be referred to the Board for final action. The Board shall vote by ballot upon candidates recommended by the Membership Committee. Three negative votes shall defeat election.

Section 7. The Membership Committee shall consist of the three Vice-Presidents with the Second Vice-President as Chairman and two non-office holding members to be elected by the Board at the Annual Meeting.

#### ARTICLE IV.

Section 1. Officers: The Officers of the Board shall be a President, three Vice-Presidents, Recording Secretary, Corresponding Secretary and a Treasurer.

Section 2. At or prior to the November Meeting of the Board the President shall appoint a Nominating Committee of five members, whose names shall be announced by the Recording Secretary at the November Meeting. To this Committee shall be entrusted the recommendation of a ticket consisting of at least one name for each office to be filled. No one shall be recommended by the Nominating Committee whose consent to serve has not been first obtained. The ticket so prepared shall be announced at the December Meeting. After which a copy shall be mailed to all voting Members of the Board, and shall be presented to the Board at its January Annual Meeting, at which meeting nominations may also be made from the floor. The election shall be by ballot and a majority vote shall elect.

Section 3. The officers elected at the annual meeting shall serve one year and until their successors shall be elected and qualified.

#### ARTICLE V.

Section 1. There shall be an Executive Committee consisting of the Officers of the Board and Chairmen of all standing committees. The Executive Committee shall meet at the call of the President.

Section 2. It shall be the duty of the President to preside at all meetings, appoint all committees not otherwise provided for, and perform the ordinary duties of the President.

Section 3. The first Vice-President shall perform all the duties of the President in her absence.

Section 4. The Second or Third Vice-President shall perform the duties of President, in the absence of both the President and

the First Vice-President. The Second Vice-President shall be the Chairman of the Membership Committee.

Section 5. The Corresponding Secretary shall conduct all correspondence on behalf of the Board, and shall send the usual notices of meetings.

Section 6. The Recording Secretary shall keep and preserve reports and minutes of all the meetings, and shall mail copies of the minutes to the President and Corresponding Secretary. She shall also perform such other duties as may be directed by the Board.

Section 7. The Treasurer shall collect the dues and receive the Funds of the Board, and shall pay out money only as directed by the Board. She shall keep such records as may be prescribed by the Board, and shall submit to the President each month an accurate exhibit of receipts and disbursements.

## ARTICLE VI.

Section 1. The annual meeting of the Board shall be held on the fourth Monday in January at 10:30 a.m., at which time the annual dues of \$5.00 shall be paid.

Section 2. The regular meetings of the Board shall be held at St. Luke's Hospital, on the second Monday of each month from October to June inclusive.

Section 3. Seven members shall constitute a quorum for the transaction of business at all meetings, including the Annual Meeting.

## ARTICLE VII.

Section 1. Order of Business. The order of business for the Annual Meeting shall be as follows:

- (a) Prayer.
- (b) Roll Call.
- (c) Minutes of last Annual Meeting.
- (d) Reports of Officers:
  - President.
  - Vice-Presidents.
  - Corresponding Secretary.
  - Treasurer.
  - Auditor.
- (e) Reports of Standing Committees:
  - Emergency.
  - Support of Free Beds.

Furnishings.  
Delicacies.  
Nurses.  
Kindergarten.  
Linen.  
Social Service.  
Membership.  
Nominating.

- (f) Nominations from the floor.
- (g) Election of Officers.
- (h) New business.
- (i) Adjournment.

Section 2. Order of business for the regular meetings of the Board shall be as follows:

Prayer.  
Roll Call.  
Reading of the Minutes of the Previous Meeting.  
Report of the Corresponding Secretary.  
Report of the Treasurer.  
Reports of the Chairmen of various Committees.  
Miscellaneous Business.

## ARTICLE VIII.

### Duties of Members.

It shall be the duty of the members of the Woman's Board to attend the monthly meetings. A fine of \$1 for each absence from Board Meetings shall be assessed, except in the case of non-resident members.

## ARTICLE IX.

Section 1. All Committees shall have power to increase their membership, adopt rules not inconsistent therewith, elect their own officers, the chairmen being members of the Board. Committees shall hold regular meetings at which the work of such committee shall be organized and transacted. The Chairman of each Committee shall report to the Board plans of work contemplated, and written report of the work accomplished.

## ARTICLE X.

These By-Laws may be amended by a two-thirds vote at any regular meeting, notice in writing of the proposed amendment having been sent to all members of the Board.

A NY PERSON DESIRING TO BEQUEATH A LEGACY TO THIS CHARITY IS  
REQUESTED TO DO IT IN THE FOLLOWING MANNER, VIZ:—

**FORM OF DEVISE OF REAL ESTATE**
